#### INTERNATIONAL SEARCH REPORT

(PCT Article 18 and Rules 43 and 44)

PO1 04 PCT/MCG ACTION as well as, where applicable, item 5 below.  International application No. International filing date (day/month/year) (Earliest) Priority Date (day/month/year) PCT/IE2004/000028 27/02/2004 28/02/2003  Applicant  GAS SENSORS SOLUTIONS LIMITED  This International Search Report has been prepared by this international Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau.  This International Search Report consists of a total of sheets.  X It is also accompanied by a copy of each prior art document cited in this report.  1. Basis of the report a. With regard to the language, the international search was carried out on the basis of the International application in the language in which it was filed, unless otherwise indicated under this item.  The international search was carried out on the basis of a translation of the international application furnish Authority (Rule 23.1(b)).			
PCT/IE2004/000028  27/02/2004  28/02/2003  Applicant  GAS SENSORS SOLUTIONS LIMITED  This International Search Report has been prepared by this international Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau.  This International Search Report consists of a total of			
Applicant  GAS SENSORS SOLUTIONS LIMITED  This International Search Report has been prepared by this international Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau.  This International Search Report consists of a total of6 sheets.  X It is also accompanied by a copy of each prior art document cited in this report.  1. Basis of the report  a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.			
GAS SENSORS SOLUTIONS LIMITED  This International Search Report has been prepared by this international Searching Authority and is transmitted to the applicant according to Article 18. A copy is being transmitted to the International Bureau.  This International Search Report consists of a total of6 sheets.  X It is also accompanied by a copy of each prior art document cited in this report.  1. Basis of the report  a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.  The international search was carried out on the basis of a translation of the lateractic at the late			
This International Search Report consists of a total of6sheets.  X It is also accompanied by a copy of each prior art document cited in this report.  1. Basis of the report  a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filled, unless otherwise indicated under this item.  The international search was carried out on the basis of a translation of the lateractic at the lateractic a			
It is also accompanied by a copy of each prior art document cited in this report.  1. Basis of the report  a. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item. With regard to the language, the international search was carried out on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.  The international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international search was carried out on the basis of a translation of the international application in the			
The international search was carried out on the basis of a translation of the international application furnish this Authority (Rule 23.1(b)).			
b. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, see Box N	o. I.		
2. Certain claims were found unsearchable (See Box II).			
3. Unity of invention is lacking (see Box III).			
4. With regard to the title,  the text is approved as submitted by the applicant.  The text has been established by this Authority to read as follows:			
OPTICAL CO2 AND COMBINED O2/CO2 SENSORS			
5. With regard to the abstract,			
the text is approved as submitted by the applicant.  It is approved as submitted by the applicant.  It is approved as submitted by the applicant.  It is appears in Box No. IV. The applicant may, within one month from the date of mailing of this international search report, submit comments to this Authority.	ıt y.		
6. With regards to the drawings,			
a. the figure of the <b>drawings</b> to be published with the abstract is Figure No			
as suggested by the applicant.			
as selected by this Authority, because the applicant falled to suggest a figure.			
as selected by this Authority, because this figure better characterizes the invention.  b. X none of the figures is to be published with the abstract.			

## INTERNATIONAL SEARCH REPORT
